

## CARE & HANDLING INSTRUCTIONS – XION PG

DATE

01-01-2019

### XION<sup>®</sup> PG WASHING & CARE INSTRUCTIONS //

#### BEFORE USE DO:

**ALWAYS CLOSE  
VELCRO STRAPS**

Close velcro when putting on, washing and storing gear.

**STORE AT ROOM  
TEMPERATURE**

Store gear at room temperature for optimal performance.

**HAND WASH  
AT 30°C**

Hand wash at 30°C to enjoy your gear as long as possible.

**REMOVE PADS  
BEFORE WASHING**

Please remove all pads before washing your garment.

**BE SAFE &  
STAY SAFE**

Our gear protects, but doesn't make you Superman!

**ENJOY & HAVE  
A GOOD TIME**

Be the best you can out there and don't forget to smile!

#### BEFORE USE DON'T:

**DO NOT  
FOLD PADS**

Make sure all pads are not folded or bent while stored.

**DO NOT  
PUNCTURE PADS**

Punctures, by sharp objects, may damage the pads.

**DO NOT  
DRY-CLEAN**

Dry cleaning may damage the pads and garments.

**DO NOT  
IRON**

Your garment and pads can damage while ironing.

**DO NOT  
TUMBLE DRY**

Your gear may damage when tumble dried.

**DO NOT  
BLEACH**

Chemicals such as bleach may damage your gear.

#### **IMPORTANT:**

**D30<sup>®</sup> protector pads should not be folded, bent, squashed, stretched, twisted or distorted other than during the integration of the pads into a pocket. D30<sup>®</sup> component shape must be maintained at all times!**

#### **XION<sup>®</sup> PRODUCTS CAN DAMAGE WHEN NOT HANDLED WITH CARE //**

- Do NOT puncture
- Store dry at room temperature (18-22° C) for best performance
- Preferably hand wash at 30° C
- Do Not Bleach
- Do Not Iron
- Do Not Tumble Dry
- Do Not Dry-clean
- Wash separately or with similar colours
- Remove D30 pads from garment before washing
- Velcro (Hook & Loop) can damage the threads of your product. Always attach onto itself.

**- WE GOT YOU COVERED -**

Note: EN 1621 certified D3O pads are not guaranteed to retain their EN 1621 compliant properties when washed. To ensure they remain EN 1621 compliant, wipe clean only.

## **BEFORE USE //**

XION® Impact Protective gear is designed to help reduce the risk of INJURIES resulting from an impacting event or incident. However, it will not make the user invulnerable. No protective gear, protective pads or other impact protective products sold by XION®, can fully guard against various injuries that may occur from a collision, act of violence, (sports) accident or other (impacting) incidents; (serious) injury could still occur.

Take care of your XION® gear and check the products before each use for signs of wear and/or damage and replace if necessary. For maximum protection, all XION® products should be properly sized and fitted to the wearer and not be modified in any way.

Always use XION® products within your ability and control and always check if the products are suitable for the intended use. Discontinue the use of products if the product/fabric becomes torn, worn or punctured, to avoid potential injuries. Bad terrain conditions, poorly maintained or worn products and the use of alcohol & drugs, can increase the risk of potential injuries. XION® is not responsible for damage to products due to normal wear and tear.

## **D3O® CONSUMER CARE INSTRUCTIONS & STORAGE //**

D3O® products should be stored at room temperature, in a ventilated dry place, out of direct sunlight. Do not store under heavy objects. Do not store in extreme temperatures. If wet after use, ensure your D3O® product is dry before storing. Never fold your D3O® product.

## **WASHING / DRYING //**

If applicable, D3O® protectors should be removed carefully from the garment before washing. D3O® protectors are wipe-clean only, using a damp cloth. NEVER use cleaners or detergents on or launder your D3O® product. This may result in irreparable damage and will severely reduce the effectiveness of your D3O® product. After washing, allow to dry in a ventilated space at room temperature; do not use hair dryers or other heaters to dry your D3O® product.

## **MAINTENANCE //**

Never modify any part of your D3O® product. Protectors should be inspected before use for signs of wear and/or damage and replaced if necessary. If your D3O® protector has sustained a significant blunt impact, it should be discarded and replaced. Please note: No personal protection equipment can offer complete protection against all injuries. The user hereby agrees to absolve the manufacturer of all liability in respect of any personal injury. D3O® component shape must be maintained at all times.

Please note: No personal protection equipment can offer complete protection against all injuries. The user hereby agrees to absolve the manufacturer of all liability in respect of any personal injury.
